

ISO 13591:1997
Small craft - Portable fuel systems for outboard motors
Conformity Assessment Report

Certificate/Report number HPIVS/VR1132-020-I-01

Manufacturer Moeller Marine Products
 801 North Spring Street
 Sparta
 TN 38583
 USA

Location of Inspection Sparta, USA

Description of Product Portable Fuel Tank Ultra 3 Gallon

Model number 620003L

Capacity 11.36 L (3 US gal)

Wall thickness 1.65 mm (0.065")

Conclusion and recommendations

The Technical Construction File have been reviewed and found to be complete, as required by ISO 13591 Small craft - Portable fuel systems for outboard motors.

The following documents have been reviewed for the assessment:

- "CE-Pro Fuel Tank TCF Moeller Portable" (including ISO 13591 checklist).
- Test Reports: TSG 8C0151-2.1A, 8C0151-6.1A / IMANNA 13444-1.
- Drawings: "3 gallon 620003LP-R5 A 7-3-14".
- Moeller Marine Products Quality System documents.

The Portable Fuel Tank Ultra 3 Gallon is considered to meet the relevant ISO 13591:1997 requirements and Certificate HPIVS/VR1132-020-I-01 has been issued.
